

SCHOOL BREAKFAST: WHAT CUSTODIAL STAFF NEED TO KNOW

Breakfast plays an important role in a productive learning environment. Over the past several years, new research has shown a link between breakfast, learning and nutrition. But, many students come to school without eating breakfast. Most schools have breakfast available to students but because of school bus schedules, students arriving at school with no time to eat, or a preference to be with friends instead of heading to the cafeteria, many students do not eat at school. Programs like classroom breakfast, grab and go breakfast or second chance breakfast can significantly increase the number of students that eat breakfast.

Eating Breakfast at School Leads to Better Student Performance *

- ✓ Students perform better academically
- ✓ Students are more attentive
- ✓ Students have improved math grades
- ✓ Students perform better on standardized tests, especially math and vocabulary
- ✓ Improves students' behavior
- ✓ Decreases tardiness which can bring in extra revenue to schools
- ✓ Fewer disciplinary referrals
- ✓ Fewer trips to the nurses office

Eating Breakfast at School Leads to Better Student Nutrition *

- ✓ Students get more of the important nutrients like Calcium, Iron, Potassium, Folic Acid, Fiber and Protein
- ✓ Students have less risk of being overweight
- ✓ Students have lower Body Mass Indices (BMI), an indicator of obesity risk

Classroom breakfast need not create extra work for custodians:

- ✓ An organized process will be developed by the school nutrition department and custodial staff
- ✓ The school nutrition staff will handle all food preparation and logistics of breakfast service
- ✓ Custodial staff will not need to clean the cafeteria after breakfast
- ✓ Each classroom will be supplied with cleaning supplies and trash bags
- ✓ Trash will be bagged by the class and left outside the classroom for easy pick-up

Contact your school nutrition director if you have questions or concerns about the program.
